

# Year 4 Weekly Update 12

22nd June 2020

Hello Year 4. Can you believe we have come to the end of June and this will be our last weekly update! We hope you have been able to get to the beach and find some interesting creatures in the rock pools. Have a look at our last Seesaw video for a little message from your teachers. We will never forget this year and we will always treasure the months we had together in school. We've all had to learn to work in a different way and your teachers are so proud of each one of you. Make sure you collect your folders and reports on Friday 26th June. There might be a little surprise in there too! We hope you have a great summer and we will look forward to seeing you at school next term.
