

Year 4 Weekly Update 9

1st June 2020

Hello Year 4. It is hard to believe that it is June and summer is coming. You should have received your third home school pack by now. These are some revision booklets that you can work on in preparation for Year 5. Over the next 2 weeks we want you to enjoy making your bird poster. We are so proud of all your hard work during this time of home schooling and very thankful to your parents for teaching you so well. We have really missed you over the past few months. Let's enjoy our last few weeks together. Keep safe and keep smiling.
From your Year 4 teachers

Seesaw
Weekly Activity
Bird Fact File

Check out the video on Seesaw to see an example of a bird fact file.

Numeracy – Vertical Subtraction with exchange

If you are feeling confident with vertical subtraction **without exchange**, have a go at vertical subtraction **with exchange**. To help:

- ✓ Watch the teacher demo on our school website.
<https://www.bangorcentral.com/year-4-weekly-overview/>
- ✓ Use pages 22-23 of your Year 4 Maths Information Book
- ✓ Complete the worksheet 'Column Subtraction (with Exchanging)'
- ✓ Try some sums of your own- try a mixture of sums with exchanging and without to test yourself.
- ✓ Remember the golden rule

**Always start
with the units!**

$$\begin{array}{r} 7 \\ - 3 \\ \hline 4 \end{array}$$

Literacy & Topic

Bird Fact File (2-week challenge)

Choose any bird that interests you and make a fact file about it. Here are some ideas you could add: -

- ✓ What your bird eats?
- ✓ Where your bird is found?
- ✓ What does your bird look like?
- ✓ Sketches and photos of your bird.
- ✓ Interesting facts about your bird

Check out the teacher video on **Seesaw** to see a fact file example. Remember to share with us your finished fact files on **Seesaw**.

Spelling – List 31

WALT- know the suffix 'le'

A Helpful Tip- If the letter before the suffix is tall or a long letter, then the ending is normally 'le'. If it is a small letter, then the ending is usually 'el' or 'al'.

Coding Challenge!

<https://scratch.mit.edu/projects/editor/?tutorial=all>

Start by selecting the 'Getting started' tutorial, then click on the play button to watch a short clip to help you. Click on the green and white arrows on the tutorial box to read the instructions. There are also tutorials on how to add a sprite and add a background. If you've enjoyed this introduction to coding, you might like to try the 'Animate a name' tutorial! Have fun trying out coding and show what you've created to someone at home.

Reading

Remember to keep up your reading every day. You can use your own books at home or oxford reading buddy.

Exercise

Mr Waldron has added more videos to our website. Checkout his virtual sports day videos!
